### **Construction Contractor Registration**

With the construction season gearing up Iowa, Labor Commissioner Michael Mauro wants to remind construction contractors about registration provisions under Iowa Law.

Contractors earning \$2000.00 annually or more are required to register and renew their registration yearly with the Iowa Division of Labor.

Self-employed contractors who do not pay individuals more than \$2000.00 a year may still be required to register, but may be exempt for the registration fee.

For additional information please contact the Iowa Division of Labor at (515) 242-5871 or access [www.iowaworkforce.org/labor/contractor.htm](http://www.iowaworkforce.org/labor/contractor.htm).
